

-Hear It From a Veteran-

Register for vVeHU Session 408 Today!

Have you heard about this exciting vVeHU class?

Session #408: **Clinical Operations – From the Front Lines to the Clinical Setting**
Tuesday, August 21, 2012
5-6:30 PM ET

This is a must attend session for ALL VA staff. Come listen to a story told through the eyes and voice of a Veteran who is now serving as a VA Clinical Application Coordinator (CAC).

This Veteran will walk participants through how one military hospital operated during war times and how this experience impacts his role as a CAC in the creation of Clinical Reminder dialogs.

Don't miss an opportunity to learn more about the patient experience during times of conflict.
